Errata

3ds max 6 Fundamentals (0735713855)

These two items are corrections to the 1st printing only:

**Chapter 4, page 150**

Missing step. The figure is correct.
3. In the Spacing Tool dialog, check the Spacing option in Parameters area. Enter 6 in the Spacing numeric field. Clear the checkbox for Count. See Figure 4.66. Click the Apply button and close the Spacing tool dialog. You should have 89 new stanchions.

**Chapter 10, page 310**

Step 5, after “In the Modify panel, Stack view, highlight Vertex sub-object level.”, this sentence should be added:
“In the Geometry rollout, End Point Auto-Welding area, clear the Automatic Welding option.”
