

# KONQUEST MODE

While the fighting side of *Mortal Kombat: Deception* is the heart of the game, Konquest Mode is where you'll spend most of your time when you first buy the game. In this mode you follow the adventures of Shujinko as he grows from a young boy, to an old man. As you travel through six Realms, you'll come across old *Mortal Kombat* characters, chests that hold secrets hidden within the game, and Koins to open Koffins in the Krypt. Some of the chests found within Konquest Mode hold keys to unlock Koffins in the Krypt. Most of the hidden characters and stages can be found in these locked Koffins.

Konquest Mode consists of six Realms. Earthrealm, Netherrealm, Chaosrealm, Outworld, Orderrealm, and Edenia. The Earthrealm also contains a small village where your journey begins. Each of the six Realms, and the village, are divided into a grid of numbers and letters ranging from A1 to H8. This guide will tell you what is important in each Realm, and where it's located on the grid.

Certain battles throughout Konquest Mode will award you with Koins. The type of Koins that you receive always changes, however the amount remains the same. In this chapter you will find out how many Koins you will receive from each encounter, where the encounter takes place, and how to properly complete any missions that have been assigned to you. Some missions are mandatory in order to complete Konquest Mode, while others are simply optional side missions.

## VILLAGE

This is where you begin your journey through Konquest Mode. Your character, Shujinko, is just a small boy, who must be trained by Master Bo' Rai Cho in the basic arts before he can move on to the rest of Earthrealm.

## PRIMARY MISSIONS

### MOVEMENT TRAINING—REWARD: 225 KOINS

You'll start the game with movement training courtesy of Bo' Rai Cho. This consists of learning how to dash, sidestep and duck. Once you have completed this training, you will receive 225 Koins.

Location B-6—Apep Shows You Around

Once your training is complete you will follow a student named Apep to all of Bo' Rai Cho's classrooms within the village. At each stop Apep tells you to go inside to begin your training.

### LOCATION B-5: TRAINING—REWARD: 225 KOINS

### LOCATION D-5: TRAINING—REWARD: 225 KOINS

### LOCATION D-4: MISSION—GET HAM FROM THE BUTCHER

After your first two training sessions, you'll come across a guard blocking your way. In order to get through the hungry guard you need to go back to location C-6 and speak with the Butcher. The Butcher will give you the ham that you're looking for to feed the guard. Once you have the ham, go back and talk to the guard at location D-4, and he will let you pass. Now talk to Apep and your journey continues on to location C-4.

### LOCATION C-4: TRAINING—REWARD: 225 KOINS

### LOCATION A-3: TRAINING—REWARD: 20 KOINS

### LOCATION A-1: TRAINING—REWARD: 20 KOINS

### LOCATION D-2: MEET DAMASHI

Your initial training is nearly complete and Shujinko wants to venture out into the world. However, Bo' Rai Cho will not let you pass until he feels you are ready. After you leave Bo' Rai Cho, you are greeted by Damashi, an emissary of the Elder Gods. He tells you of an important mission that you must undertake and grants you the power to absorb the fighting styles of anyone you encounter.

### LOCATION D-2: CHALLENGE BO' RAI CHO—REWARD: 600 KOINS

After you fight against Bo' Rai Cho, he will offer to train you at his home outside of the village. From here on, you cannot access the village again, so if you have not done everything you wish to do in the village, do not fight Bo' Rai Cho. Once the fight is over, you will move on to the Earthrealm map.

Once you have completed your initial training and have received your new abilities from Damashi, it is time venture out of the village and into the rest of Earthrealm. Once you are in Earthrealm, you will have to perform a variety of missions before you can move on to the other five Realms. There are also plenty of side missions here that may keep you occupied for some time.

# PRIMARY MISSIONS FOR THE EARTHREALM

## LOCATION A-6: DAMASHI AND THE SIX KAMIDOGU

Before you get too far in Earthrealm, Damashi greets you. At this point he informs you of the mission that Shujinko is required to take for the majority of Konquest Mode. You need to travel to each of the six Realms and find the hidden Kamidogu, but first you must find the Earthrealm Kamidogu. Damashi will speak with you again once you have found it.

## LOCATION C-4: BO' RAI CHO TRAINING

The first mission you are required to partake in is basic training with Bo' Rai Cho at his home. Here, Shujinko takes on the form of Bo' Rai Cho to learn his primary attacks in each fighting style, as well as his special attacks, combos, and basic juggles. You will be rewarded with Koins after each successful training session. By the time the training is complete, Shujinko has aged five years. Master Bo' Rai Cho one more task at the end of the training. Shujinko has to help Bo' Rai Cho find his warriors medallion, which was last seen by the docks. (It can be found near location B-3).

## LOCATION B-3: LOST IN THOUGHT

As you approach the docks, Shujinko stops to ponder if this is indeed the docks where Bo' Rai Cho lost his medallion. After some deep thinking, you'll be on your way to location B-2 and talk to the fisherman there.

## LOCATION B-2: TALK TO THE FISHERMAN

An old fisherman is standing by the docks. If you talk to him, he tells you the story of how Bo' Rai Cho's medallion was in his house, but the key to his house was stolen by some brigands. It is your job to get key back from brigands. Head over to location C-2, where the thieves await you.

## LOCATION C-2: TALK TO THE BRIGANDS

After a brief chat with any one of the brigands, they'll inform you that they have no plans to give the key back. Fear not, one punch to any of the brigands will free the key, and send them running off into the distance. Pick up the key and head back to location B-2 to deliver it to the old fisherman.

## LOCATION B-2: RETURN THE FISHERMAN'S KEY

Talk to the fisherman once again and hand over his key. After a brief thank you, he invites you into his home located in the same grid at B-2. Enter his home and talk to him one last time to receive Bo' Rai Cho's medallion. Once you have the medallion, and start to head back to Bo' Rai Cho's house, Damashi stops you at location B-3.

## LOCATION B-3: KEEP THE MEDALLION

Before you get too far with the medallion, Damashi stops you to ask how you are progressing with your mission. Once he realizes you have the medallion, he'll tell you to keep it, since it will give you instant respect. From here you'll need to head to location G-8, the Lin Kuei temple, in order to seek out Sub-Zero.

## LOCATION G-8: SUB-ZERO TRAINING

Once you reach the Lin Kuei temple, speak with the man at the door, and he will allow you inside to train with Sub-Zero. Shujinko takes on the form of Sub-Zero to learn his primary attacks in each fighting style, as well as his special attacks, combos, and basic juggles. You are also rewarded with Koins when you complete this training session. After your training, you will receive your first mission from the Lin Kuei. You need to travel to location B-8, retrieve an artifact that was just discovered, and bring it back to the temple.

## LOCATION B-8: FINDING THE LIN KUEI

As you draw close to where you were told to find the Lin Kuei with the artifact, Shujinko stops to wonder exactly where he is supposed to meet them. After some brief internal dialogue, you move on to location A-8, where another Lin Kuei ninja is waiting for you.

## LOCATION A-8: MEET THE LIN KUEI NINJA

A Lin Kuei ninja dressed exactly like the classic Sub-Zero is waiting at location A-8. Once you talk to him and verify the Lin Kuei password, he'll allow you to take the item (located in the tunnel behind him) back to the Lin Kuei temple. Once you have the artifact and begin your journey back to the Lin Kuei, Damashi chimes in again to check up on you.

## LOCATION B-8: EARTHREALM KAMIDOGU

When Damashi appears, he informs you that the artifact you have is actually the Earthrealm Kamidogu that he told you to find. Damashi instructs you to head to the portal located at H-3, instead of going back to the Lin Kuei. After a brief argument about betraying the Lin Kuei, you'll be on your way to the portal.

## LOCATION H-3: OPEN THE PORTAL

When you arrive at H-3, Damashi appears once again to give you instructions on how to open the portal. He then instructs you to go to the Nexus, which is the gateway between the six Realms. After a brief explanation of the Nexus, you'll need to proceed to the Netherrealm to continue your quest for the remaining Kamidogu. All of the remaining primary missions for Earthrealm take place after you are told you can enter the Mortal Kombat tournament later on in your quest.

## LOCATION G-4: KENSHI'S REVENGE

After you're invited to take part in the Mortal Kombat tournament, you can head back to Earthrealm and find Kenshi waiting for you at location G-4. Kenshi tells you to look in the southwest for the location of Shang Tsung, then come back to tell him where he is, so he may seek his revenge on the sorcerer. From here, you should head to location D-5, for a brief pit stop before finding Shang Tsung.

## LOCATION D-5: NIGHTWOLF TRAINING

As you're looking for Shang Tsung, you come across Nightwolf at location D-5. He informs you that there seems to be evil within you, and offers to cleanse you of this evil by training with him. Shujinko takes on the form of Nightwolf and learns his primary attacks in each fighting style, as well as his special attacks, combos, and basic juggles. When the training is complete, Shujinko ages once again.

## LOCATION B-5: BATTLE WITH SHANG TSUNG

When you finally arrive at location B-5 where Shang Tsung awaits, you talk to him briefly, then engage in combat. The battle lasts two rounds. Upon defeat of Shang Tsung, you are rewarded with 600 Koins. From here, head back to Kenshi (at location C-3) to inform him that you have found Shang Tsung, and he has invited the two of you to participate in Mortal Kombat.

## LOCATION C-3: KENSHI TRAINING

Kenshi offers to train you in his fighting styles. Shujinko takes on the form of Kenshi in order to learn his primary attacks in each fighting style, as well as his special attacks, combos, and basic juggles. You are also rewarded with Koins after the training session. Immediately after the training, Damashi appears to tell you to add evil to your soul once again and head back to the Netherrealm.

## LOCATION H-3: PROVE YOURSELF TO RAIDEN

On your way to the portal, and on to Netherrealm, Raiden stops you. After a quick inquiry on who you are and where you're going, Raiden challenges you to a fight in order to prove who you really are. The fight lasts two rounds, and the reward is 600 Koins once Raiden has been defeated. After this fight you are allowed passage through the portal and on to the Netherrealm.

## NETHERREALM

Several Mortal Kombat titles have mentioned the Netherrealm, but this is the first time you truly get to see and explore it. While most of the Netherrealm is a vast wasteland, there is one main city that houses several buildings. One thing to make note of is that the denizens of the Netherrealm do not take kindly to strangers. When out and about in the wastelands, talking to many of the wandering creatures gets you nowhere, however, if you punch them, sometimes you receive Koins. Not all of the Netherrealm is readily available to explore when you first visit, so don't worry if you can't access all of the areas within the realm.

When you return to the Netherrealm, after you have been invited to participate in Mortal Kombat, you need to perform the following missions.

## UPON RETURN TO THE NETHERREALM

### LOCATION F-3: SCORPION: TRAINING

## CHAOSREALM

One of the more unique realms, utter chaos is the main theme of the Chaosrealm. It's made up of several land masses connected by a system of teleporters. The map indicates where each teleporter sends you, and like Netherrealm, you do not have access to all of the areas in Chaosrealm on your first visit.

## PRIMARY MISSIONS FOR CHAOSREALM

### LOCATION C-3: BATTLE WITH HOTARU

After you enter Chaosrealm, and have a brief conversation with Damashi, head over to location C-3 and talk to Hotaru. He challenges you, and you have to beat him in a standard two round match before you can continue through the teleporter. You are awarded 650 Koins when you win. Go through the teleporter and head to location C-2 to find a man who informs you of your next mission. He asks you to defeat the evil within the cemetery.

### LOCATION B-2: NOOB FIGHT

Noob is patrolling the middle of the cemetery, near location B-2. Talk to him in order to start your battle. The challenge is a standard two round match, and you receive 650 Koins when you defeat him. From here, head through another teleporter and over to location E-2, where Havik is waiting.

### LOCATION E-2: HAVIK'S MISSION

When you talk to Havik he gives you a mission in exchange for training in the ways of Chaos. His mission is simple, take four Chaos pendants and defeat the Seidan warriors that occupy the Realm. Head over to location G-3 where one of Havik's soldiers tells you where to find the four Seidan warriors. The first is located at G-2.

### LOCATION G-2: FIGHT AGAINST SEIDAN GUARDSMAN

This is the first of four fights against Hotaru, the Seidan guardsman. It is a standard two round fight, and you take on the form of Bo Rai Cho. Once you have defeated the first guard, you will need to move on to location G-1 where you fight another under the same conditions, but this time you take the form of Sub-Zero. After your second battle, head to location H-1 for your third fight, where you take the form of Ashrah. For your final fight as Ermac, head to location H-2 to find the last Seidan guardsman. After each successful win, you receive 600 Koins. Once you have defeated all four guardsmen, head back to the soldier at G-3 who sends you to G-4 where Havik is waiting.

### LOCATION G-4: HAVIK TRAINING

Talk to Havik again, he informs you that he has decided not to train you, but trains you anyway. The madness of Chaos! Shujinko assumes the form of Havik in order to learn his attacks in each fighting style. At the end of the session, Havik rewards you with Koins, and the key to the teleporter at G-5 to continue your journey. Now, head to location A-5 to find the next Kamidogu.

### LOCATION A-5: ANOTHER KAMIDOGU

Work your way through the maze to get to location A-5. Once you arrive, there is a pool of liquid with the Kamidogu at the center. When you enter the liquid, Shujinko ages many years. After the aging process, Damashi sends you back to the Nexus to continue your journey. Your next stop is the Outworld.

**KONQUEST**

## PRIMARY MISSIONS FOR OUTWORLD

## ORDERREALM

The main thing to know about Orderrealm is that there are strict rules that everyone must follow. While you aren't able to really break any of these rules, the Seidan guards that maintain order in the realm will not take flack from anyone. If you so much as bump into them, they do not hesitate to send you to the ground. Orderrealm is basically one big circle that is divided up into four color-coded sections.

## PRIMARY MISSIONS FOR ORDERREALM

### LOCATION G-4: HOTARU TRAINING

When you first arrive in the Orderrealm, Damashi warns you to be wary of the strict laws that are enforced within it. After speaking with Damashi, go to point G-4 where Hotaru offers to train you. You will be rewarded once you learn all of his techniques. Once your training is complete, Hotaru sends you on a mission to defeat Darrius at location E-2.

### LOCATION E-2: DEFEAT DARRIUS

Talk to Darrius, who informs you of his true nature and welcomes your fight. When you defeat him in a standard two round match, you are awarded 650 Koins. Report your victory to Hotaru at location G-4, and he will agree to lend a helping hand in Outworld. For now, your time in Orderrealm is over and you can head back to Outworld. However, you will need to come back to Orderrealm to continue your quest at a later time.

## THE COMPLETION OF THE ORDERREALM PRISON SENTENCE

### LOCATION C-4: YOU'RE FREE

After your long imprisonment, you are an old man. Talk to the two guards, then head to the back of your cell. Dairou will appear, kills the guards and sets you free. He also gives you a key to the courtroom door nearby. Head over to the courtroom to face Hotaru in a standard two round fight. You receive 700 Koins once Hotaru is defeated, along with the Orderrealm Kamidogu. Damashi then sends you back to the portal and over to Edenia, the last realm.

# EDENIA

At one time, Edenia and the Outworld were one realm. Now, they have regained their individual forms and it is currently ruled by Queen Sindel. Edenia closely resembles Earthrealm, and it is known to be a very peaceful place. However, before your arrival, Shao Kahn's forces have invaded Edenia for a second time. While it still appears to be a peaceful realm, Shao Kahn's minions are scattered throughout it.

## PRIMARY MISSIONS FOR EDENIA

### LOCATION C-4: FIND QUEEN SINDEL

When you first arrive in Edenia, Damashi appears to have a brief conversation with you. Once he has departed venture over to C-4 where Kitana is waiting for you. She informs you that her mother, Queen Sindel, is being held by Tanya. In order to free her, you must defeat Tanya. Head over to location E-1, where Tanya meets your challenge.

### LOCATION E-1: BATTLE WITH TANYA

After talking to Tanya you must defeat her in a standard two round match. This is one of the first times you will fight as Shujinko, instead of the last person you trained with. Once you defeat Tanya, you receive 700 Koins. Go through the door behind her to find Queen Sindel. When you talk to her she thanks you for freeing her and asks you to follow her (to location C-6).

### LOCATION C-6: SINDEL TRAINING

Follow Sindel to C-6 to train with her. After you have completed your training, you will be awarded with Koins and the Edenia Kamidogu. Your quest is nearing its completion. Damashi finds you once again and tells you to head for the Nexus. Once there, Scorpion appears to stop you from interfering further. Defeat him in a three round match to put the last Kamidogu in place to learn your fate, and unlock Shujinko as a playable character. The primary portion of Konquest Mode finishes with the return of the Kamidogu, but there are still many side quests to complete in Konquest.
