

## UNIQUE STUNT JUMPS

There are six new Unique Stunt Jumps in the PlayStation 2 version of Vice City Stories.

### DISTRICT: LITTLE HAVANA

Find the ramp to the south of the road across from an alley. Take your PCJ 600 into the alley and turn around at the next road. Line up with the ramp and speed toward it. Jump over the two fences and into the back lot of Sunshine Autos.

### DISTRICT: STARFISH ISLAND

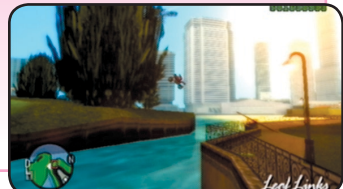

Find the boards leaning against a fence to the right of Diaz's mansion, next to the section under construction. Head back down the driveway and turn around. Head west down the driveway and turn toward the ramp. Clear the bridge to the grassy area to get credit for the jump.

### C DISTRICT: VICE POINT

A small wooden ramp leans against the fence at this hairpin curve. You don't want to get too much speed on this jump. Go straight back from the ramp to the second lamp post and turn around. Head straight for the ramp without leaning forward to get just enough speed to complete this jump.

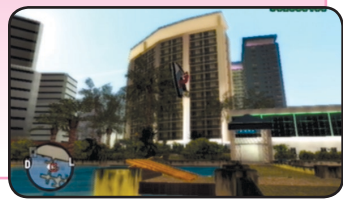

### D DISTRICT: VICE POINT

This wooden ramp leans against a game booth just to the southwest of the Chunder Wheel. Back up to the other side of the parking lot to the south. Jump past the picnic table to pass this jump.

### E DISTRICT: VICEPORT

Find this jump at Pier 1. Grab the Jet Ski to the left of the pier. A little ways down this pier you will find a ramp on the left. Take the Jet Ski back to Pier 2 and turn around. Jump over the pier and land in the water on the other side.

### F DISTRICT: VICE POINT

Find the Bobcat parked at this construction site. Just to the north is a mound of dirt next to a wall. Go straight back through the gas station to a short wall. Turn around and speed toward this jump, leaning forward to get enough speed. Clear all of the brick walls to get credit for this jump.
