# Pivot Table Data Crunching for Microsoft® Office Excel® 2007

*Bill Jelen*

*Michael Alexander*

**que**®

800 E. 96th Street  
Indianapolis, Indiana 46240

## Contents at a Glance

Introduction .....	1
<b>1</b> Pivot Table Fundamentals .....	11
<b>2</b> Creating a Basic Pivot Table .....	21
<b>3</b> Customizing a Pivot Table .....	45
<b>4</b> Controlling the Way You View Your Pivot Data .....	83
<b>5</b> Performing Calculations Within Your Pivot Tables .....	117
<b>6</b> Using Pivot Charts and Other Visualizations .....	141
<b>7</b> Analyzing Disparate Data Sources with Pivot Tables .....	167
<b>8</b> Sharing Pivot Tables with Others .....	189
<b>9</b> Working with and Analyzing OLAP Data .....	201
<b>10</b> Enhancing Your Pivot Table Reports with Macros .....	215
<b>11</b> Using VBA to Create Pivot Tables .....	231
<b>12</b> Common Pivot Table Issues and Questions .....	291
<b>A</b> Finding Pivot Table Commands on the Ribbon .....	315

# Table of Contents

<b>Introduction</b> .....	<b>1</b>
What You Will Learn from This Book .....	1
What Is New in Excel 2007's Pivot Tables .....	2
Skills Required to Use This Book .....	2
Case Study: Life Before Pivot Tables .....	2
The Invention of the Pivot Table .....	5
Case Study: Life After Pivot Tables .....	7
Sample Files Used in This Book .....	9
Conventions Used in This Book .....	9
Referring to Ribbon Commands .....	9
Special Elements .....	10
<b>1 Pivot Table Fundamentals</b> .....	<b>11</b>
What Is a Pivot Table? .....	11
Why Should You Use a Pivot Table? .....	12
When Should You Use a Pivot Table? .....	13
The Anatomy of a Pivot Table .....	14
Values Area .....	14
Row Area .....	15
Column Area .....	15
Report Filter Area .....	16
Pivot Tables Behind the Scenes .....	16
Limitations of Pivot Table Reports .....	17
A Word About Compatibility .....	18
Next Steps .....	19
<b>2 Creating a Basic Pivot Table</b> .....	<b>21</b>
Preparing Your Data for Pivot Table Reporting .....	21
Ensure Your Data Is in a Tabular Layout .....	22
Avoid Storing Data in Section Headings .....	22
Avoid Repeating Groups as Columns .....	23
Eliminate Gaps and Blank Cells in Your Data Source .....	23
Apply Appropriate Type Formatting to Your Fields .....	24
Summary of Good Data Source Design .....	24
Case Study: Cleaning Up Data for Pivot Table Analysis .....	25
Creating a Basic Pivot Table .....	26
Adding Fields to the Report .....	29
Adding Layers to Your Pivot Table .....	32
Rearranging Your Pivot Table .....	32
Creating a Report Filter .....	33
Case Study: Analyzing Activity by Market .....	35

- Keeping Up with Changes in Your Data Source .....39
  - Changes Have Been Made to Your Existing Data Source .....40
  - Your Data Source's Range Has Been Expanded with the Addition of  
Rows or Columns .....40
- Sharing the Pivot Cache .....41
  - Side Effects of Sharing a Pivot Cache .....41
- Saving Time with New Pivot Table Tools .....42
  - Deferring Layout Updates .....42
  - Starting Over with One Click .....42
  - Relocating Your Pivot Table .....43
- Next Steps .....44
- 3 Customizing a Pivot Table .....45**
  - Making Common Cosmetic Changes .....46
    - Applying a Table Style to Restore Gridlines .....47
    - Changing the Number Format to Add Thousands Separators .....47
    - Replacing Blanks with Zeros .....49
    - Changing a Field Name .....51
  - Making Layout Changes .....52
    - Using the New Compact Layout .....52
    - Using the Outline Form Layout .....54
    - Using the Traditional Tabular Layout .....54
  - Case Study: Converting a Pivot Table to Values .....56
    - Controlling Blank Lines, Grand Totals, Subtotals, and Other Settings .....59
  - Customizing the Pivot Table Appearance with Styles and Themes .....61
    - Customizing a Style .....62
    - Choosing a Default Style for Future Pivot Tables .....64
    - Modifying Styles with Document Themes .....64
  - Changing Summary Calculations .....65
    - Understanding Why One Blank Cell Causes a Count .....65
    - Using Functions Other Than Count or Sum .....66
  - Adding and Removing Subtotals .....68
    - Suppress Subtotals When You Have Many Row Fields .....68
    - Adding Multiple Subtotals for One Field .....69
  - Using Running Total Options .....70
    - Display Change from Year to Year with Difference From .....71
    - Compare One Year to a Prior Year with % Difference From .....72
    - Track YTD Numbers with Running Total In .....72
    - Determine How Much Each Line of Business Contributes to the Total .....72
    - Create Seasonality Reports .....73
    - Measure Percentage for Two Fields with % of Total .....73
    - Compare One Line to Another Line Using % Of .....75
    - Track Relative Importance with the Index Option .....75

Case Study: Producing Revenue by Line of Business Report .....	77
Next Steps .....	81
<b>4 Controlling the Way You View Your Pivot Data .....</b>	<b>83</b>
Grouping Pivot Fields .....	83
Grouping Date Fields .....	84
Including Years When Grouping by Months .....	86
Grouping Date Fields by Week .....	86
Grouping Two Date Fields in One Report .....	88
Case Study: Creating an Order Lead-Time Report .....	88
Grouping Numeric Fields .....	89
Case Study: Grouping Text Fields .....	90
Ungrouping .....	92
Looking at the PivotTable Field List .....	93
Docking and Undocking the PivotTable Field List .....	93
Rearranging the PivotTable Field List .....	93
Using the Areas Section Drop-Downs .....	94
Using the Fields Drop-Down .....	94
Sorting in a Pivot Table .....	96
Sorting Using the Sort Icons on the Options Ribbon .....	96
Sorting Using the Field List Hidden Drop-Down .....	98
Understanding the Effect of Layout Changes on AutoSort .....	100
Using a Manual Sort Sequence .....	100
Using a Custom List for Sorting .....	101
Filtering the Pivot Table .....	102
Adding Fields to the Report Filter Area .....	103
Choosing One Item from a Report Filter .....	104
Choosing Multiple Items from a Report Filter .....	104
Quickly Selecting or Clearing All Items from a Filter .....	106
Using the Field List Filters .....	106
Using Label Filters .....	108
Using Date Filters .....	109
Using Value Filters .....	111
Case Study: Creating a Top 10 Report .....	113
Next Steps .....	116
<b>5 Performing Calculations Within Your Pivot Tables .....</b>	<b>117</b>
Introducing Calculated Fields and Calculated Items .....	117
Method 1: Manually Add the Calculated Field to Your Data Source .....	118
Method 2: Use a Formula Outside Your Pivot Table to Create the Calculated Field .....	118
Method 3: Insert a Calculated Field Directly into Your Pivot Table .....	119
Creating Your First Calculated Field .....	121
Case Study: Summarizing Next Year's Forecast .....	124

Creating Your First Calculated Item .....	129
Understanding Rules and Shortcomings of Pivot Table Calculations .....	133
Remembering the Order of Operator Precedence .....	134
Using Cell References and Named Ranges .....	135
Using Worksheet Functions .....	135
Using Constants .....	135
Referencing Totals .....	135
Rules Specific to Calculated Fields .....	135
Rules Specific to Calculated Items .....	136
Managing and Maintaining Your Pivot Table Calculations .....	137
Editing and Deleting Your Pivot Table Calculations .....	137
Changing the Solve Order of Your Calculated Items .....	138
Documenting Your Formulas .....	139
Next Steps .....	140
<b>6 Using Pivot Charts and Other Visualizations .....</b>	<b>141</b>
What Is a Pivot Chart... Really? .....	141
Creating Your First Pivot Chart .....	142
Keeping Pivot Chart Rules in Mind .....	145
Changes in the Underlying Pivot Table Affect Your Pivot Chart .....	145
The Placement of Data Fields in Your Pivot Table May Not Be Best Suited for Your Pivot Chart .....	145
A Few Formatting Limitations Still Exist in Excel 2007 .....	146
Case Study: Creating a Report Showing Invoice Frequency and Revenue Distribution by Product .....	148
Examining Alternatives to Using Pivot Charts .....	153
Method 1: Turn Your Pivot Table into Hard Values .....	153
Method 2: Delete the Underlying Pivot Table .....	154
Method 3: Distribute a Picture of the Pivot Chart .....	154
Method 4: Use Cells Linked Back to the Pivot Table as the Source Data for Your Chart .....	154
Using Conditional Formatting with Pivot Tables .....	157
Next Steps .....	166
<b>7 Analyzing Disparate Data Sources with Pivot Tables .....</b>	<b>167</b>
Using Multiple Consolidation Ranges .....	168
Analyzing the Anatomy of a Multiple Consolidation Range Pivot Table .....	174
The Row Field .....	174
The Column Field .....	174
The Value Field .....	175
The Page Fields .....	175
Redefining Your Pivot Table .....	176
Case Study: Consolidating and Analyzing Datasets .....	176
Building a Pivot Table Using External Data Sources .....	179
Building a Pivot Table with Microsoft Access Data .....	180

Building a Pivot Table with SQL Server Data .....	183
Next Steps .....	187
<b>8 Sharing Pivot Tables with Others .....</b>	<b>189</b>
Sharing a Pivot Table with Other Versions of Office .....	189
Features Unavailable in Excel 2003 Pivot Tables .....	190
Excel 2007 Compatibility Mode .....	190
No Downgrade Path Available from Version 12 Pivot Tables .....	190
Strategies for Sharing Pivot Tables .....	190
Saving Pivot Tables to the Web .....	191
Publishing Pivot Tables to Excel Services .....	193
Requirements to Render Spreadsheets with Excel Services .....	194
Preparing Your Spreadsheet for Excel Services .....	194
Publishing Your Spreadsheet to Excel Services .....	194
What the End User Sees in Excel Services .....	196
What You Cannot Do with Excel Services .....	197
Viewing the Pivot Table in the Browser .....	199
Next Steps .....	199
<b>9 Working with and Analyzing OLAP Data .....</b>	<b>201</b>
What Is OLAP? .....	201
Connecting to an OLAP Cube .....	202
Understanding the Structure of an OLAP Cube .....	205
Understanding Limitations of OLAP Pivot Tables .....	207
Creating Offline Cubes .....	207
Breaking Out of the Pivot Table Mold with Cube Functions .....	211
Next Steps .....	213
<b>10 Enhancing Your Pivot Table Reports with Macros .....</b>	<b>215</b>
Why Use Macros with Your Pivot Table Reports? .....	215
Recording Your First Macro .....	216
Creating a User Interface with Form Controls .....	218
Altering a Recorded Macro to Add Functionality .....	220
Case Study: Synchronizing Two Pivot Tables with One Combo Box .....	225
Next Steps .....	229
<b>11 Using VBA to Create Pivot Tables .....</b>	<b>231</b>
Introducing VBA .....	231
Enabling VBA in Your Copy of Excel .....	231
Enabling the Developer Ribbon .....	232
Visual Basic Editor .....	232
Visual Basic Tools .....	233
The Macro Recorder .....	234

Understanding Object-Oriented Code .....	234
Learning Tricks of the Trade .....	234
Writing Code to Handle Any Size Data Range .....	235
Using Super-Variables: Object Variables .....	236
Understanding Versions .....	236
New in Excel 2007 .....	237
Building a Pivot Table in Excel VBA .....	239
Getting a Sum Instead of a Count .....	241
Learning Why You Cannot Move or Change Part of a Pivot Report .....	243
Determining Size of a Finished Pivot Table .....	244
Creating a Report Showing Revenue by Product .....	246
Eliminating Blank Cells in the Values Area .....	248
Ensuring Table Layout Is Utilized .....	248
Controlling the Sort Order with AutoSort .....	248
Changing Default Number Format .....	248
Suppressing Subtotals for Multiple Row Fields .....	249
Suppressing Grand Total for Rows .....	250
Handling Additional Annoyances When Creating Your Final Report .....	250
Creating a New Workbook to Hold the Report .....	250
Creating a Summary on a Blank Report Worksheet .....	251
Filling the Outline View .....	252
Handling Final Formatting .....	252
Adding Subtotals .....	253
Putting It All Together .....	254
Addressing Issues with Two or More Data Fields .....	257
Calculated Data Fields .....	258
Calculated Items .....	260
Summarizing Date Fields with Grouping .....	263
Group by Week .....	265
Using Advanced Pivot Table Techniques .....	267
Using AutoShow to Produce Executive Overviews .....	267
Using ShowDetail to Filter a Recordset .....	270
Creating Reports for Each Region or Model .....	272
Manually Filtering Two or More Items in a PivotField .....	275
Controlling the Sort Order Manually .....	276
Using Sum, Average, Count, Min, Max, and More .....	276
Creating Report Percentages .....	277
Percentage of Total .....	277
Percentage Growth from Previous Month .....	278
Percentage of a Specific Item .....	278
Running Total .....	278
Using New Pivot Table Features in Excel 2007 .....	279
Using the New Filters .....	279

Applying a Table Style .....	284
Changing the Layout .....	285
Applying a Data Visualization .....	286
Understanding Special Considerations for Excel 97 .....	288
Next Steps .....	289
<b>12 Common Pivot Table Issues and Questions .....</b>	<b>291</b>
Troubleshooting Common Pivot Table Issues .....	291
I keep getting the error "The PivotTable field name is not valid." .....	291
When I refreshed my pivot table, my data disappeared. ....	291
My pivot table always uses Count instead of Sum. ....	292
My pivot table constantly adjusts the columns in my workbook to autofit the headings. ....	292
The Defer Layout Update option locked me out of other functionality such as sorting, filtering, and grouping. ....	293
Older versions of Excel do not open my pivot table properly. ....	293
When I try to group a field, I get an error message. ....	294
My pivot table shows the same data item twice. ....	294
Deleted data items still show up in the filter area. ....	295
I refreshed my pivot table, and now my calculated fields are displayed as error values. ....	296
Common Pivot Table Questions .....	297
How do I make my pivot table refresh automatically? .....	297
How do I refresh all pivot tables in a workbook at the same time? .....	297
How can I sort data items in a unique order that is not ascending or descending? .....	298
How do I turn my pivot table into hard data? .....	298
Is there an easy way to fill the empty cells left by row fields? .....	299
Is there an easy way to fill the empty cells left by row fields in many columns? .....	300
Why does my pivot chart exclude months for certain data items? .....	303
How do I add a rank number field to my pivot table? .....	305
How do I hide calculation errors in my pivot table? .....	307
How can I reduce the size of my pivot table reports? .....	308
How can I easily create a separate pivot table for each market? .....	309
How do I avoid the need to constantly redefine my pivot table's data range? .....	310
<b>A Finding Pivot Table Commands on the Ribbon .....</b>	<b>315</b>
Inserting a Pivot Table .....	315
Finding Commands from the Legacy PivotTable Toolbar .....	316
<b>Index .....</b>	<b>321</b>

## About the Authors

**Bill Jelen** is Mr. Excel! He is principal behind the leading Excel website, MrExcel.com. He honed his pivot table wizardry during a 12-year tenure as a financial analyst for a fast growing public computer firm. Armed with only a spreadsheet, he learned how to turn thousands of rows of transactional data into meaningful summaries in record time. He is an accomplished author of books on Excel and is a regular guest on “Call For Help” on TechTV Canada. As an Excel consultant, he has written Excel VBA solutions for hundreds of clients around the English-speaking world. His website hosts over 12 million page views annually.

**Michael Alexander** is a Microsoft Certified Application Developer (MCAD) with over 14 years experience developing business solutions with Microsoft Office, VBA, and .Net. He currently lives in Frisco, Texas, where he works as a senior program manager for a top technology firm. In his spare time, he runs a free tutorial site, [www.datapigtechnologies.com](http://www.datapigtechnologies.com), where he shares basic Access and Excel tips with intermediate users.

## Dedication

**BILL JELEN:**

*To Zeke Jelen*

**MIKE ALEXANDER:**

*To my lovely wife, Mary, who will open this book just long enough to read this dedication*

# Acknowledgments

## **Bill Jelen:**

Thank you to Pito Salas, who invented Lotus Improv, the first desktop product to offer functionality similar to pivot tables. Thanks to Dan Bricklin, Bob Frankston, and Mitch Kapor for being pioneers in the spreadsheet world. Thanks to Dave Gainer and the entire Excel team at Microsoft for bringing pivot tables along to what they are today. Juan Pablo González provided great technical review. Thanks to Mary Ellen, Josh, and Zeke Jelen for tolerating me while I was writing six books simultaneously. My sister, Barb Jelen, provides excellent back office support at MrExcel.com; there is a good chance that she packed and shipped this book to you. Lora White keeps things moving and produces our Podcasts. Thanks to Jerry Kohl at Leegin and everyone who ever asked me for a report back at Telxon, and our clients at MrExcel Consulting; you all contributed to my expertise with pivot tables. Thanks to William Brown at Waterside; Loretta Yates, Andy Beaster, Chuck Hutchinson, and Kevin Howard at Que Publishing. Thanks to Mike Alexander for being a great coauthor.

## **Mike Alexander:**

Thank you to Bill Jelen for the opportunity to help write this book. It's hard to find anyone who has more passion and drive for what he does than Bill Jelen. Thank you to Juan Pablo González for keeping Bill and me honest and sparking some great ideas. Many thanks to Loretta Yates and the many professionals at Que Publishing for all the support during the writing process. A special thank you to Mary for putting up with all my crazy projects this year.

## We Want to Hear from You!

As the reader of this book, *you* are our most important critic and commentator. We value your opinion and want to know what we're doing right, what we could do better, what areas you'd like to see us publish in, and any other words of wisdom you're willing to pass our way.

As an associate publisher for Que Publishing, I welcome your comments. You can email or write me directly to let me know what you did or didn't like about this book—as well as what we can do to make our books better.

*Please note that I cannot help you with technical problems related to the topic of this book. We do have a User Services group, however, where I will forward specific technical questions related to the book.*

When you write, please be sure to include this book's title and author as well as your name, email address, and phone number. I will carefully review your comments and share them with the author and editors who worked on the book.
