Monthly Group Giveaway

Cisco Press will donate two complimentary copies of the following title to each Cisco User Group for meeting purposes. A chapter excerpt is available for online groups per request.

QoS for IP/MPLS Networks

Santiago Alvarez • ISBN: 1-58705-233-4 • SRP: US \$55.00

Featured User Group: CCIE.PL

The CCIE.PL (Poland) Cisco User Group is an active, international group that operates online. The groups' forums host an array of topics and house more than 17,000 articles.

With more than 1100 registered users the group continues to grow.

To learn more about this user group visit <http://ccie.pl>.

Safari Introduces Enhancements

Safari has made many improvements to help increase your productivity and improve your overall experience with Safari Books Online. Visit <http://safari.ciscopress.com> to check out the new features.

- **New Graphically Rich Books**
Certain books that are page layout-intensive were not in Safari because they were difficult to display in HTML. In order to accommodate these books, Safari has added "print-fidelity" capability.
- **Longer Page Views for Book Content**
More space is devoted to content, with less scrolling required.
- **Front-matter Content Freely Viewable**
Front-matter content, such as the preface and introduction, is now freely viewable, whether or not the book is on your bookshelf.

Don't Forget to Use Your Discount Code to Save 35%

Members of official Cisco User Groups will receive up to 35% off every purchase at ciscopress.com! Just apply the CPU06 membership code when you register and make sure you're logged in when shopping. For more information contact usergroup@ciscopress.com.
