The Silver Bullet Security Podcast

with Gary McGraw (Audio) Gary McGraw interviews security experts from academia, enterprises, and start-ups. Conversations are wide-ranging, in-depth, and often surprising. Sponsored by Cigital (www.cigital.com) and IEEE Security & Privacy magazine (www.computer.org/security).

Subscribe

Women in Technology (Audio)

The National Center for Women in Technology (NCWIT) interviews women entrepreneurs in information technology (IT) careers, sponsored by the NCWIT Entrepreneurial Alliance and the Ewing Marion Kauffman Foundation. Listen as these successful, creative, and technical women discuss their lives and their work — how they first got into technology, why they chose to be entrepreneurs, and what advice they would give to young people interested in IT or entrepreneurship.
