Teacher Education and Development

## Dear Education Professional,

As the leader in publishing high-quality, research-based teacher education materials, we at Pearson Teacher Education and Development understand that alternative certification programs play an important role in our schools. They provide school districts with new teachers and foster the relationship between K-12 schools and their higher education partners.
Although each alternative certification program is different in its focus and needs, you share the central goal of helping your participants become the best teachers they can be.

We have made it our business to recognize the unique needs of alternative certification programs and see ourselves as your partners in education. We are pleased to bring you the most up-to-date materials, written by nationally respected experts, scholars, and teachers, that effectively blend academic research and practical applications and will help your candidates thrive in their new careers.

Feel free to contact us with questions, to place orders, or just let us know about your program! We love to hear from educators and take pride in providing you with superior support and service.

Warm regards,

Danae April

# Here are a few more ways that we are striving to meet the unique needs of your alternative certification program:

## Technology integration with MyEducationLab:

**MyEducationLab** is a research-based learning tool that uses examples of authentic teacher and student work to bring teaching to life. Through:
- authentic in-class video footage
- interactive simulations
- assignable homework and exercises
- rich case studies, and more

**MyEducationLab** prepares your students for their teaching career by showing students what quality instruction looks like. Access to this web resource is available at no extra cost with selected Pearson Education titles and is easy to use! Look in your textbook for the **MyEducationLab** logo in the margins and follow the simple link instructions to access the **MyEducationLab** resource that corresponds with the chapter content.

**MyEducationLab** is easy to assign, which is essential to providing the greatest benefit to your student. Visit **www.myeducationlab.com** for a demonstration of this exciting new online teaching resource.

## Build the perfect book and save your students money with Pearson Custom Publishing:

With Pearson Custom Education, you can create the perfect textbook to reflect the way you teach your course! Choose chapters from dozens of recent publications in all course areas. Select as many or as few chapters as you need to suit your course, and we'll custom publish your unique text. You're in full control of the content, sequence, and price.

- **Convenient** – Search, review and select the chapters you want using the online bookbuilding site or fax in an order form.
- **Flexible** – Choose the chapters you want from more than 140 titles, arrange them in the order you teach.
- **Add Your Own Material** – Up to 20% of your text can come from other sources, whether it's your writing or third party materials. We take care of permissions.
- **Quality** – Your custom text is digitally printed from electronic files, not photocopied.
- **Options** – Choose color as it appears in the original text or choose black and white.
- **Free Evaluation Copy** – Request a free evaluation copy to see your book before you decide. BW evaluation copies arrive in 7-10 business days; 4C evaluation copies arrive in 2-3 weeks.
- **Cost Savings** – Students pay only for what is used in your course. Combine your text with other Pearson Education texts for a student discount.
- **Quick Turnaround** – Your black and white text in 4-6 weeks from the time we receive the bookstore order; your four color text will be delivered in 6-8 weeks from the time we receive the bookstore order.
