Network+

Set Your Sights on a Rewarding Career with Network+ Certification

CompTIA Network+

Strengthen your IT knowledge and skills while advancing your career with CompTIA Network+ certification.

CAREER ADVANCEMENT

Network+ certification helps you advance toward a rewarding IT career as a network administrator, network technician, network systems engineer or technical sales engineer.

HIGHER SALARIES

Demonstrate your in-demand capabilities with a Network+ certification. The average salary of a network engineer is $88,000.*

GLOBALLY RECOGNIZED

Earning your Network+ certification gives you an internationally recognized credential. It also demonstrates your competency in managing, maintaining, troubleshooting, installing and configuring basic network infrastructure.

COMPETITIVE ADVANTAGE

Increase your prospects of getting your dream job. 86% of hiring IT managers indicate IT certifications are a high priority during the evaluation process.**

"

"For a technician specializing in networks, CompTIA Network+ is the launching pad."

BRETT KNIGHT, SENIOR NETWORK ANALYST, EMBRAER AIRCRAFT

CompTIA Network+® Certification for IT Professionals

CompTIA Network+ certified professionals qualify for these careers:

- Network Administrator
- Network Technician
- Network Installer
- Help Desk Technician

Prove Yourself

The CompTIA Network+ certification exam includes *both multiple-choice and performance-based questions* that require you to perform in a simulated environment. The exam explores your knowledge of networking features and functions, including virtual networking, networking security and in-depth knowledge of OSI and TCP/IP models.

CompTIA NETWORK+ CERTIFICATION EXAM

Earn your Network+ certification by passing the CompTIA Network+ certification exam:

- CompTIA Network+ N10-005 covers the fundamentals of computer networking technologies, installation and configuration, media and topologies, management and security.

GETTING CERTIFIED

To enjoy the rewards of Network+ certification:

1. Get prepared using the training option you prefer: Classroom, Books, E-Learning, Boot Camps, Practice Tests.

2. Locate a Pearson Vue testing center near you and take the Network+ exam.

It is recommended that CompTIA Network+ candidates have at least nine months of experience in network support or administration or academic training, along with a CompTIA A+ certification.
