Index

Note: Italicized page locators indicate a figure; tables are denoted with a *t*.

Abiword, 232
About Kubuntu document, 308, 309
Accounting, Ubuntu equivalents to Windows programs for, 389
Accounts dialog box, in Gaim, 81
Account settings, editing, in Evolution, 74
ACID2 test, 279
Add Applications
  installing and using, 118, 119, 121
  main screen, 119
  search bar with results, 120
  sequence involved in installing a universe application, 120
Add a Printer wizard, 135
addgroup command, 362
Add/Remove Programs (Adept), installing applications with, 265, 266
Address book icon, Ekiga window, 90
adduser command, 240, 362
Adept, 256
  Add/Remove Programs in, 266
  editing repositories in, 269
  installing mysql-server with, 272
  keeping system up-to-date with, 273–274
  package installation with, 269–272
  parts within, 265
  previewing changes in, 272
  repositories with universe enabled in, 270
  repository management with, 268–269
  search bar in, for finding packages, 271
  search feature with, 267
  starting, 265
Adept Manager, 268
Adept Updater, 273
Adept-Updater-Notifier, 273
Administration submenu, 61
Adobe Photoshop, GIMP vs., 76
Advanced Linux Sound Architecture, 86, 87
Advanced Package Tool, 121, 265
  sources and repositories, 163–164
Advanced tab, in printer properties window, 139
Advocacy, 338–339
AIM, Kopete and, 293
Akregator, 290, 296, 297
  using RSS icon to add a feed to, 297
Alias box, in Gaim, 81
ALSA. *See* Advanced Linux Sound Architecture
Alternative CD installation, 45–54
  changing artwork, 52
  configuring login screen, 52
  configuring user, 51–52
  creating partitions, 48–51
  enabling automatic logins, 52
  enabling remote graphical logins, 53
  finishing up, 52
  location, 46
  networking, 47–48
  post-installation, 52–53
  printer set up, 53–54
Alternative CD menu, 45
amaroK, 281, 284, 345
  choosing default look of, 286
  music management with, 284–287
AMD K7 computer, slow speed with Ubuntu on, 239
AMD64/EM64T, Ubuntu support for, 170
AMD64 Ubuntu version, 32
Andalusian Parliament on the Information Society and Innovation policies, 348
Apache project, 7
Apache Webserver, 236
Applets, 61–62
  customizing in Kubuntu, 262–263
Applications, 199
  another way of running, 66
  compiling, 194–195
  hanging, 200
  replacing with autopackages, 193

Hill_ch99b Ind. 393-413.ps 7/18/06 4:33 PM Page 394

Applications *continued*
starting, 58
using, 65–66
Applications area, Ubuntu desktop taskbar, 63
Apply button, 65
Appointments
adding to calendar, 74
setting up in Kontact, 296–297
APT. *See* Advanced Package Tool
apt-cache, 167
apt-get tool, 165, 166–167
aptitude and, 172
running distribution upgrades and, 169–170
aptitude, 172
Arch Linux, 346, 350, 356
Arguments, 21
Arrow keys, man command and, 365
Artificial Intelligence Laboratory (MIT), 4
Art manager, 208, 209
Arts sound server, 206
Art web sites, 208
Artwork
changing with alternate install CD, 52
contributions of, to Ubuntu community, 342
Attribute-ShareAlike 2.0
fair use rights, 380
license definitions, 379–380
license grant, 380–381
limitation on liability, 384
mechanical rights and statutory royalties, 381
miscellaneous, 384–385
performance royalties under blanket licenses, 381
representations, warranties, and disclaimer, 383–384
restrictions, 382–383
termination, 384
attr package, 167–168, 171
Audacity, 207
Audio, configuring with Ekiga, 86, 87
Audio applications, problems with, 206
Audio CD creator, 93
Audio CDs
creating, 131
ripping with Konqueror, 281–282
Audio files, listening to, with Ubuntu, 110–112
Authentication, wireless, 213–214
Automatic logins, 197
enabling with alternate install CD, 52
Autopackages, running, 193–194
Backgrounds
changing in Kiosk mode, 302, 303
changing in Ubuntu, 101
finding and installing, 208–209
in Kubuntu, 261
Backing up data
creating partitions and, 41
before doing distribution upgrade, 199
RAID setup and, 156
Backports repository, in Ubuntu package archive, 163, 164
Baltix, 350
Baobab, 198
Battery monitor, 62
Battle for Wesnoth, 350
Bazaar, 26, 29, 356
Bazaar-NG, 26
Beagle, 95, 96
installing, 202
Big Iron kernel, 151
BIOS problems
Desktop CD install and, 36
root partition and, 50
BitKeeper, 26
Blanket licenses, performance royalties under, 381
Blender, 94
Bluefish, 97, 98
Bluetooth
copying photos from mobile phone to Ubuntu computer with, 222
Bluetooth Chat, 306
Bluetooth OBEX Client, 306
Bookmarking favorite sites, with Firefox, 68
Bookmarks, file chooser and, 99–100
Books, on command line, 367
Bootloader, broken, 185
Boot sector, 185
backing up and restoring, 185–186
Bread, Ubuntu, 243–245
Breezy Badger, 169, 273, 348
Bug # 1
closing, 30
text of, 23–24
Bug Buddy, 354
Bug fixes, distribution and, 15
Bug reports, filing, 241–243
Bugs, 246, 310
fixing, released distributions and, 22
quality assurance and, 342–343
Bugs and Notification Lists, 315*t*

Hill_ch99b Ind. 393-413.ps 7/18/06 4:33 PM Page 395

Bug tracking
another way into system, 242
with Malone, 27
Bugzilla, 356
Bulletin boards, 322
Burn from Disc Image function, 36
Burning CDs, 34, 131–132
from an image, 131–132
creating audio CDs, 131
Business cards, Ubuntu, 338

C, Eclipse support for, 98
C++, Eclipse support for, 98
Calc program, within OpenOffice.org, 288
Calculator, 91
Calculator (Speedcrunch), 305
Calendar(s)
managing in Evolution, 74–75
multiple, 75
Canonical, creating, 11–12
Canonical Ltd., 17, 29, 30, 163, 250, 265, 312, 324, 350
Bazaar-NG and, 26
conferences organized and funded by, 330, 331
founding of, 24
incorporation of, 25
Launchpad and, 26, 27, 351, 352
LoCo Team's Web pages, wikis, forums, Web logs, etc. hosted by, 335
Mark Shuttleworth's sole ownership of, 339
partner projects supported by, 346
service and support through, 25–26
sprints organized by, 331
Cardbus adapter, difficulties with, 219
cat command, 364
CCMP, 216
CD burning application, 34–36
in Linux with GNOME, 35
with Mac OS X, 36
in Windows with ISO Recorder, 35
in Windows with Nero Burning ROM, 35
cd command, 143, 358
CD creation, in Kubuntu, 290–292
CDDB. *See* Compact Disk Database
CD images, 34
CD Player (KsCD) menu, 305
CD ripper, 93
CD-ROM, problems with, 221
CDs
burning, in Ubuntu, 131–132
playing and ripping, 112
playing with Kaffiene, 299–301
CD writers, 131
Certificate authorities, 8
Certificates, 215
cfengine, 357
chmod command, 175, 359
chown command, 175
CJK (Chinese, Japanese, and Korean Language) support, with Kubuntu, 252
Clock, 63
Close Window icon, hanging application and, 200
CoC. *See* Code of Conduct
Code, contributing to community through production of, 343
Codecs, 205
installing, 109–110
support for, 110*t*
Code of Conduct, 20–21, 331, 337
approving revisions to, 334
mailing lists and Web forums, 369–370
Ubuntu, 367–370
Collaboration, 21
Ubuntu Code of Conduct and, 368–369
Collective work, definition of, 379–380
Colorspace box, in GIMP, 77
Command box, 60
Command line, 141
advanced uses of, 365–366
dealing with users and groups, 362
executing multiple commands, 364
getting help on, 363
manipulating files and folders, 359–360
moving around filesystem, 357–358
searching and editing text files, 361–362
searching for man files, 363–364
starting up terminal, 357
system information command, 360–361
using wildcards, 364
Commands
finding different options for, 236
multiple, executing, 364
Comment box, 60
Common Unix Print System, 275
Communication, with Gaim, 81–83
Community, giving back to, 308–309. *See also* Ubuntu community
Community Council, 17, 21, 28, 312, 332, 334–335, 336, 341
arbitration of disputes by, 334
community related structures, processes and, 335
new project members welcomed by, 335

Hill_ch99b Ind. 393-413.ps 7/18/06 4:33 PM Page 396

Community Council *continued*
teams proposed by; team leaders appointed by, 334–335
Ubuntu Code of Conduct maintained by, 334
Community governance system, goals of, 331
Compact Disk Database, 293
Components, within Ubuntu software repository, 372–374
Computer, shutting down, 64–65
Computer item, in Places menu, 60
Computer speed, performance problems with, 236
Conduct goals and Code of Conduct, Ubuntu project, 20–21
Conferences, 328–329
Configuration files, in Linux, 104
Configuring system, 61
Connection protocols, specifying, for remote printing, 137
Connection speed, configuring in Ekiga, 84, 86
Connection tab, in printer properties window, 139
Connect to Server, 60
Connect to Server, in Places menu, 60
Consideration, Ubuntu Code of Conduct and, 368–369
cp command, 359
CreaLabs, 350
Creative Commons Attribution-ShareAlike 2.0 Open Publication License, 379–385
Creative Commons Corporation, 379
cron daemon, 228
cron job layout, 228–229
cron system, scheduling things to happen with, 228
crontab, 228
command options, 229–230
crontab files, editing, 230
Crontab sections, 228
Cropping images, in GIMP, 81
CUPS. *See* Common Unix Print System
CUPS Manager, printer configuration with, 133
CVE number, for security vulnerability, 126–127
CVS, 26

Dapper Drake (Ubuntu 6.06), 22, 152, 169, 170, 174, 252
changing from Breezy Badger to, 273
release of, 3
Dash (-), command lines tools and, 143
Database applications, Ubuntu equivalents to Windows programs, 388
DB2 database, 25
.deb filename extension, 165
Debian Project, 2, 7, 9, 13, 14, 28, 164, 346, 351
and free software universe, 15–16
package files ("debs"), 165
Deleted items, restoring, in file manager, 195
delgroup command, 362
deluser command, 362
Dependencies, 134, 206
"Dependency hell," preventing, 272
Derivation, as highest form of compliment, 29
Derivatives, 15
Derivative work, definition of, 380
Derived distributions, 344, 346–351
Baltix, 350
Guadalinex, 348
ImpiLinux, 350–351
Nexenta, 349
nUbuntu, 349
Open Cd, 350
Ufficio Zero, 350
Xubuntu, 348–349
Deskbar package, 202
Desktop
accessing remote server's files graphically on, 140–141
adding TrueType fonts to, 191–192
hanging, 196
Desktop CD, for Kubuntu, 255
Desktop CD installation, 36–44
disk space, 41–44
finishing up, 44
identification, 39–40
keyboard configuration, 38
language, 37
location, 38
Desktop folder, in Places menu, 60
Desktop Guide, for Kubuntu, 306, 308
Desktop publishing, Ubuntu equivalents to Windows programs for, 390
Desktops, desktop CD for Ubuntu, 32
Desktop search, installing, 202
Desktop themes, finding and installing, 208–209
Development Team, quality assurance and, 340
Device icons, 58
devscripts package, 171
df command, 198, 360
DHCP. *See* Dynamic Host Control Protocol
Diagram editing, Ubuntu equivalents to Windows programs for, 390
Dictionaries, 100
Dictionary, 91
Digital cameras, using in Ubuntu, 132
Digital photography, Ubuntu and, 132
Directories, in Konqueror, 281
Disagreements
resolving, 331
Ubuntu Code of Conduct and, 369

Hill_ch99b Ind. 393-413.ps 7/18/06 4:33 PM Page 397

Disk partitioning, in Kubuntu, 258, 259
Disks
fixing, after power failures, 234–235
formatting, 224–225
Disk space, 41–44
deciding on your partitions, 41–42
freeing up, 197–198
manually partitioning, 42–44
using entire disk, 42
Disputes, arbitration of, 334
Distributions ("distros")
bug fixes and, 15
description of, 12–13
ecosystem of, 14–15
Distribution upgrades, running, 169–172
Distrowatch, 14
dist-upgrade, 169
DMA mode, turning on, 205
DNS. *See* Domain Name Service
DNS server, 212
Documentation, Ubuntu, 339–340
Documents
creating, with OpenOffice.org, 69–71
saving, in Writer program (OpenOffice.org), 288
Dollar sign ($), as standard Unix shell symbol, 166
Domain Name Service, in Kubuntu, 278
Double ampersands (&&), between multiple commands, 364, 365
Downloading, extensions, 69
dpkg (Debian package manager), 165
dpkg-deb utility, 165
dpkg-dev package, 171
Drawings, editing and creating in Krita, 298
Draw program, within OpenOffice.org, 288
DRIVER option, 215
Drivers, 377, 378
for Linux Infra Red Control, 227
for wireless cards, 214
Driver selection, for printer configuration, 136, 136
Driver tab, in printer properties window, 139
Dual-booting, 41
du command, 198
DVD drive, ejection problems with, 221
DVD playback, 205
jittery and jumpy problem with, 205–206
DVDs, unencrypted, Ubuntu support for, 115
DVD support package, 209
Dynamic Host Control Protocol, 265

Eclipse, 97, 98
Editing
repositories in Adept, 269, 269
text files, commands for, 361–362
Wallpaper section for Kiosk mode, 302
Edit Menus, 59
Edubuntu, 151, 345–346
default desktop, 345
distribution, 33
Edubuntu project, 3, 29
Effect filter, adding in GIMP, 78–79
802.1x, 214
Ejection problems, with DVD drive, 221
Ekiga, 92
audio configured with, 86, 87
making a call with, 89–90
NAT settings detection and, 86
setting up, 83, 84
video configured with, 88, 89
voice over IP with, 83–90
Web camera configured with, 88–89
Ekiga.net, free SIP service with, 83, 85
e-mail
account setup, 71–74
managing with Evolution, 71–74
running in Evolution, 203–204
setting up with Kontact, 296
working with, in Evolution, 74
e-mail applications, Ubuntu equivalents to Windows programs for, 388
e-mail lists, subscribing to, 316
Emblems, in Nautilus, 108–109
Employees, in Ubuntu community, 17
Empty the Wastebasket, 64, 199
ENABLED option, 215
Encryption, 216
Encyclopedia "Wikipedia," 324
Errors
memory, 222
system upgrade, 197
esd sound server, 206
Ubiquity
Kubuntu installation process with, 256–260
welcome screen, 257
Ethernet cards, 211
Ettrich, Matthias, 250, 251
Evolution, 63
calendar management with, 74–75
e-mail not working in, 203–204
indexing e-mails in, 202
loading, 72, 72
main interface, 73
managing e-mail with, 71–74
multiple calendars in, 75
Webmail and, 72
Excel, 288

Hill_ch99b Ind. 393-413.ps 7/18/06 4:33 PM Page 398

ext3, 223, 224, 225
using for Ubuntu partitions, 43
Extensions
downloading, 69
plug-in, with Firefox, 68

Fair use rights, 380
FAT16, 223, 224
FAT32, 223, 224
creating partition shared between Ubuntu and Windows with, 43
fdisk command, 238
Feature Freeze, 336
Feedback, 339
File chooser, in Ubuntu, 99, 99
File management, with Kubuntu, 279–288
File manager
finally deleting files in, 199
not seeing hidden dot files and folders in, 195
restoring deleted items in, 195
Files
copying from one computer to another, 230
copying to hard disk, 131
copying to or from USB stick, 220–221
finding, 60
listing those owned by a package, 172–173
managing in Ubuntu, 103
manipulating in command line, 359
owner packages and, 173
package providers and, 173
selecting, copying, and moving in Nautilus, 107–108
storage and organization of, in Linux, 103–105, 104
transferring with Secure SHell, 212–213
Filesystem, fun with, 223–224
Filesystem combo box, 43
Filesystem security, 175–176
noatime option, 176
nodev option, 175–176
noexec option, 176
nosuid option, 176
Fill combo box, in GIMP, 77
Filters, package listings in Adept and, 270
Fingers, pain or numbness in, 246
Firefox, 189, 232, 289, 350
bookmarking favorite sites with, 68
browsing the Web with, 66–69, 290
loading, 84
Macromedia flash plug-in for, 201–202
opening, 66
plug-in extensions, 68–69
saving time with live bookmarks, 68
tabbed browsing with, 67
Firewalls, 86
Firmware, 377–378
First-Run Wizard
in amaroK, 285, 286
choosing database to store music collection in with, 287
selecting location of your catalog with, 286
Flight Simulator, Ubuntu equivalents to Windows programs for, 391
Floppy disks, 130
using in Ubuntu, 132
Folders
finding, 60
