When reviewing corrections, always check the print number of your book. Corrections are made to printed books with each subsequent printing. To determine the print number of your book, view the copyright page. The print number is the right-most number on the line below the "First Printing" line. For example, the following indicates that this is the 1st printing of this title.

First Printing Corrections

Pg	Error	Correction
iv	*First Printing: January 2004* 07 06 05 04 4 3 2 ~~1~~	*First Printing: January 2004* 07 06 05 04 4 3 2
28	First full paragraph ...hiding the toolbar and ~~data sources~~ from view so that all you see is the window and its contents.	...hiding the toolbar and <mark>sidebar</mark> from view so that all you see is the window and its contents.
48	Figures Rearrange so they do not overlap.	
133	Before You Begin add: 38 Allow Windows Users to Share Your Files	
276	Add to end of second Tip: Click and hold on any selected text for about one second to drag it to any application.	
118	Step 2 Select ~~Export~~ from the iMovie File menu. The ~~iMovie Export dialog box~~ appears and gives you several options for exporting the movie; the default option in the ~~Export drop down list~~ is To ~~Camera~~. If you're exporting the movie to a camera, select this option if it isn't already selected.	Select <mark>Share</mark> from the iMovie File menu <mark>or, prior to iMovie 4</mark>, **Export**. The <mark>Share sheet</mark> appears and gives you several options for exporting the movie; the default option in the <mark>toolbar</mark> is To <mark>Videocamera</mark>. If you're exporting the movie to a camera, select this option if it isn't already selected.

118	Replace two figures:	
119	Step 3: ...choose **To QuickTime** from the ~~Export~~ ~~drop down~~ ~~lists at the top of the~~ **iMovie: Export** ~~dialog box~~.	...choose **QuickTime** from the toolbar at the top of the **Share** sheet. The settings in the sheet change to provide

	The settings in the ~~dialog box~~ change to provide you with QuickTime options.	you with QuickTime options.
	Step 5, paragraph 1:	
	If you're exporting to a QuickTime movie, the dialog box shows a **~~Formats~~** drop-down list...	If you're exporting to a QuickTime movie, the dialog box shows a **Compress movie for** drop-down list...
	Step 5, paragraph 2:	
	The final option in the **~~Formats~~** drop-down list is **Export Settings**...	The final option in the **Compress movie for** drop-down list is **Export Settings**...
	If you choose this option, after you click the **~~Export~~** button in step 6,...	If you choose this option, after you click the **Share** button in step 6,...
120	Step 6, paragraph 1:	
	When you're satisfied with the options you've selected for either the QuickTime movie or the camera, click **~~Export~~**.	When you're satisfied with the options you've selected for either the QuickTime movie or the camera, click **Share**.
	Step 7, paragraph 1:	
	If you selected the **Expert Settings** from the **~~Formats~~** drop-down list in step 5, a **Save exported file as** dialog box opens after you click **~~Export~~**.	If you selected the **Expert Settings** from the **Compress movie for** drop-down list in step 5, a **Save exported file as** dialog box opens after you click **Share**.
