

APPENDIX: CRAFTING RECIPES

The following tables cover the crafting recipes implemented in the game at launch. These charts are divided alphabetically by crafting discipline. Within a discipline, the recipes are sorted in ascending RATING order, and then alphabetically by RECIPE NAME within a given RATING.

A few points bear special mention:

- **Karma-unlocked recipes are not included, as they are sprinkled around the world, and without context they would not make sense.**
- **Legendary recipes are closely guarded secrets and are therefore not included.**
- **Within the “LEARNED BY” column:** “Dungeon” means the item that unlocks the recipe comes from a dungeon; “Vendor” means you must purchase the item that unlocks the recipe from a crafting vendor; “Mystic Forge” means the item that unlocks the recipe must be crafted in the Mystic Forge.
